 	<p>Henglun Textile (Vietnam) Co Ltd Vietnam 5.1-C21 https://www.chinahenglun.com/</p> <p>Henglun Textile is a leader in knitted denim and fabrics. The company owns the complete supply chain which integrates yarn dyeing, greige dyeing, knitting and finishing.</p> <p>Fabrics use cotton yarn and Lycra fiber to make denim, functional, and athleisure products with the perfect amount of stretch. This creates all-day comfort in a style that never loses its shape.</p>
 	<p>HeiQ Materials AG Switzerland 5.1-A15 https://www.heiq.com/</p> <p>HeiQ is a leader in material innovation creating some of the most effective, durable and high-performance textile and material effects in the market today.</p> <p>HeiQ joined forces with Nespresso and Mammut to create a unique garment in the outdoor industry. With the “Extraordinary Jacket”, Swiss design meets next-level textile technology, delivering unbeatable performance and sustainability.</p> <p>Mammut's super-light Ajungilak® insulation now incorporates the HeiQ XReflex technology powered by Xefco, which contains part of the aluminum from recycled Nespresso capsules. Thanks to the ingenious HeiQ XReflex 3D aluminized scrim layer, this jacket outperforms conventional insulation, reflecting the body's heat for effortless warmth.</p>

QST Industries Inc

USA

5.1-A31

<https://www.qst.com/>

QST is a family-owned and operated company supplying quality construction components for textiles such as ban-rol, elastics, embroidery backings, interlinings, linings, GLU loops and more. Each product goes through a critical number of steps to ensure the highest quality.

QST also offers several products that are OEKO-TEX certified as well as Reach compliant.
